Mr. Randy Turner, Superintendent
Morristown National Historical Park
USDI National Park Service
Washington's Place
Morristown, NJ 07906

Dear Mr. Turner:

On June 22, 2007, I conducted an aerial detection survey for gypsy moth-caused tree defoliation at Morristown National Historical Park. I am pleased to report that no defoliation was detected at, or in the immediate vicinity of, your site. However, a small area of defoliation was detected less than 5 miles away from your site.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2008, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 24, 2007.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
